

Members' Expertise Information

- Food Additive and Contamination (prevention method) – 2 people
- Plant BioChemistry – Antibacterial/anticancer extract
- Postharvest Technology
- Meat Science and Technology/Food Microbiology
- Biostatistics and Modelling

Members' Expertise Information...

- Food Science and Technology (2 people)
- Chemical Engineering
- Plant Physiology and abiotic stress
- Natural Products Chemistry
- Analytical Chemistry – mass spectroscopy
- Environmental Toxicology

Group identified with sub themes

- Agriculture and Bioresources Valorization
 - Quality and Safety of Agricultural foods and environment
 - Natural Products
 - Emerging technologies
